

Hoover Happenings

For the week of 4/1/24

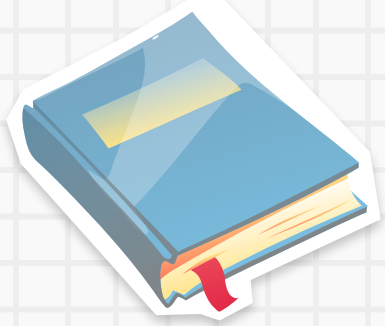

Mrs. Gorski's Kindergarten Class!

We have had another GREAT week of learning! One of our favorite times of the day is center time. We get the chance to practice what we have learned through a variety of games and activities.

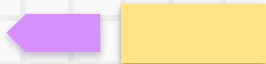

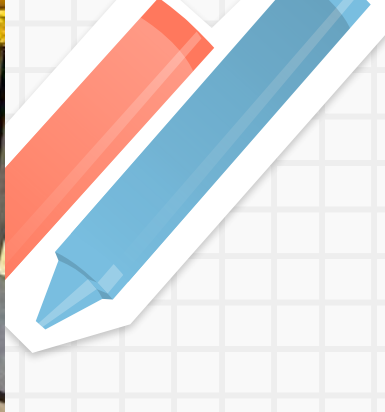

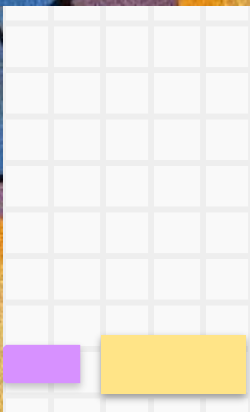

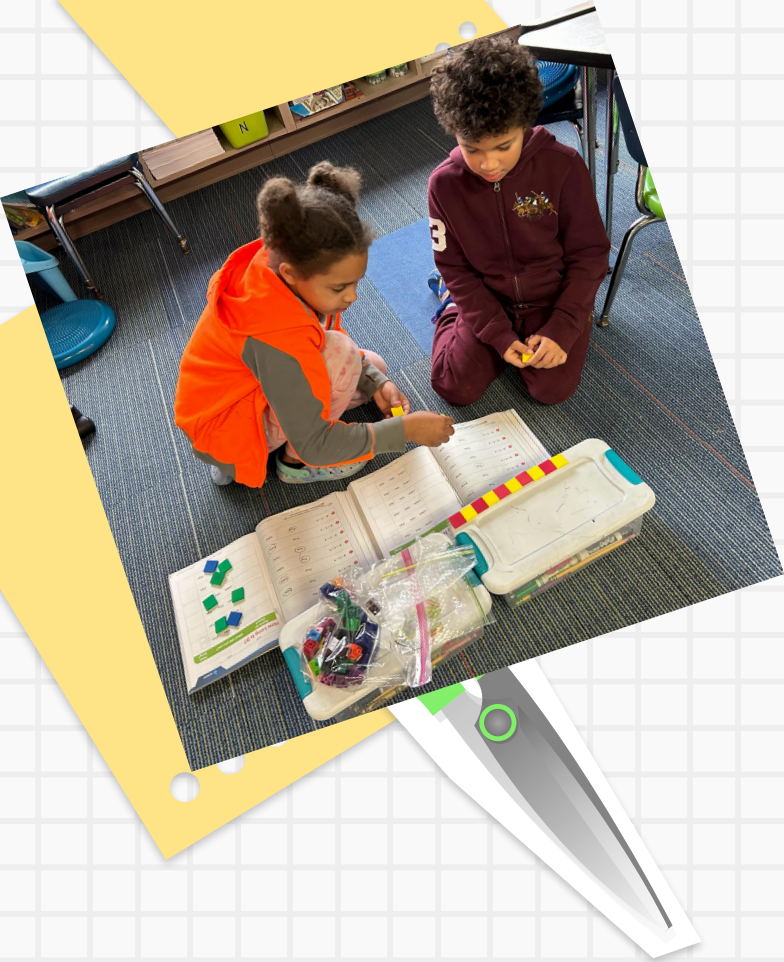

Mrs. Wohlfeill's Kindergarten Class

This week, the kindergarteners were able to share their day with a special fluffy friend! We read to our friends, wrote with them and did literacy and math centers with them! We had such a great day!

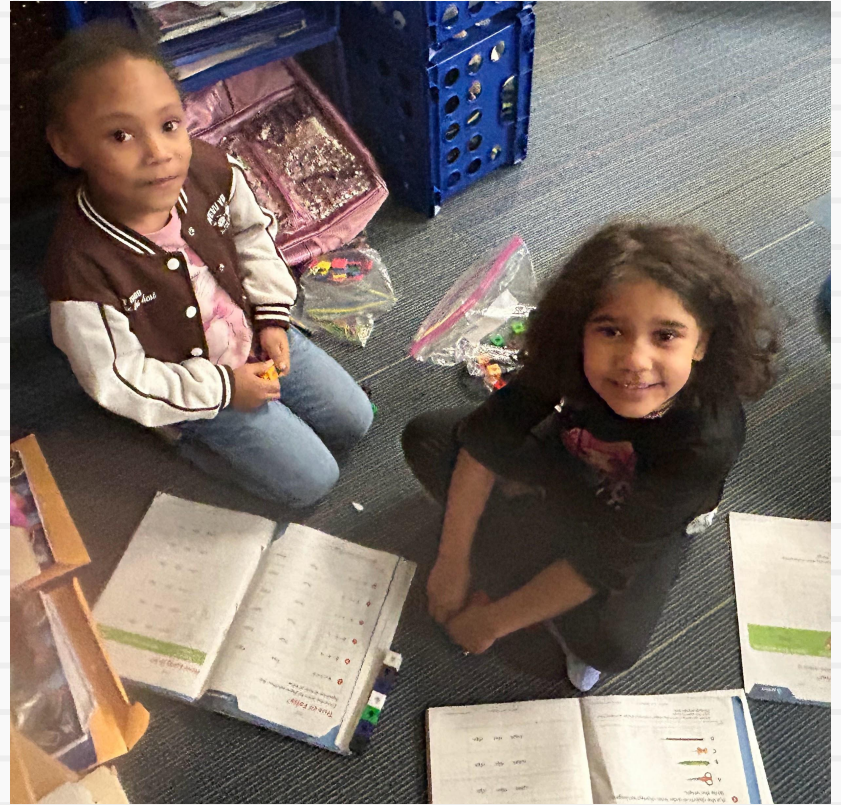

Mrs. Hughes' First Grade Class

Our second graders had a great time measuring objects around our classroom with various measuring tools. We are finishing up this unit next week!

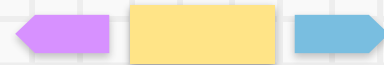

Mrs. Becker's First Grade Class

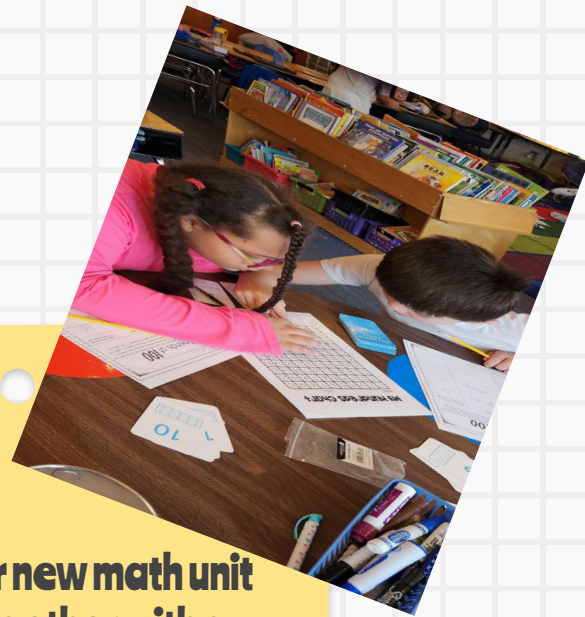

We earned our March PAW Celebration for excellent behavior! The students chose to have a coloring party. What a nice way to end another fabulous week in first grade!!

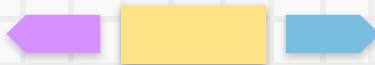

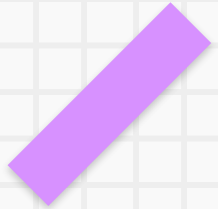

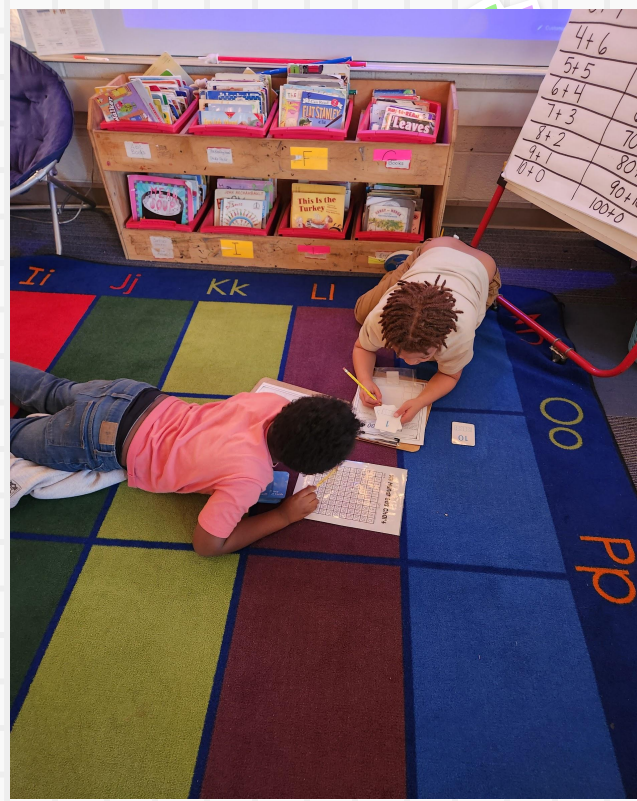

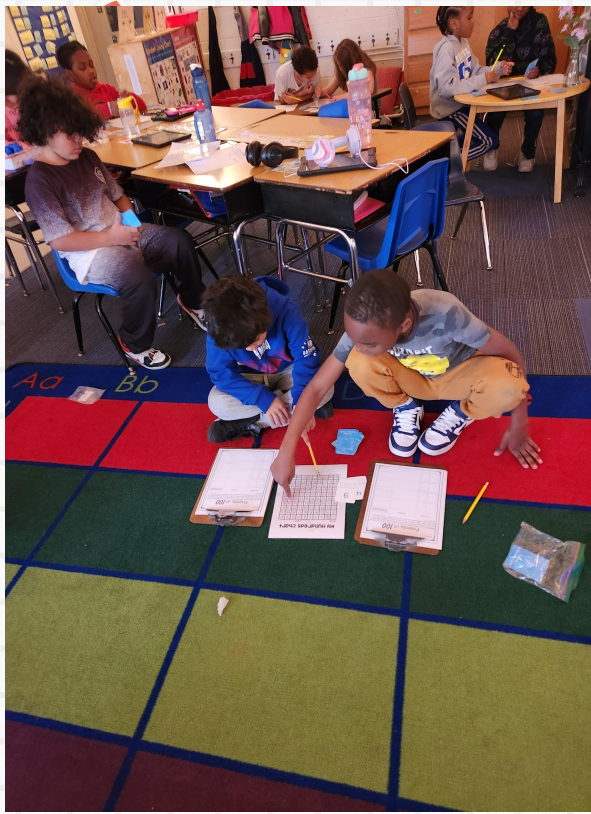

**Mrs.
Beller's**

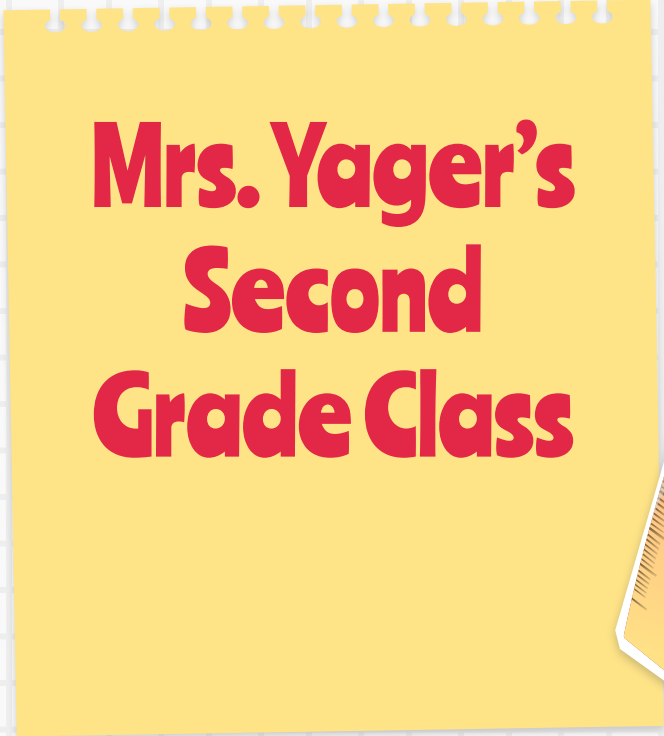

Second Grade Class

We begin our new math unit by getting together with a partner and playing two math games this week. These two games taught us partners of 100 and how to expand a 3-digit number!

**Mrs. Yager's
Second
Grade Class**

This week we
worked on
publishing our
Animal Stories!
